

KRIZMAN ENTERPRISES

Dear Sir/Madam:

Re: Andrew Zehner

This letter is to serve as a reference for Andrew Zehner.

I have known Andrew for several years and have had the opportunity to consult and work with him personally and professionally.

My first working experience with Andrew was just after he received the Laura Napor Film Award in 1999 when he graduated from the Art Institute of Pittsburgh. He won this award for a script he had written. At that time he consulted with me about helping him with funding for the production of that film.

In 2002, I was the Co-Executive Producer, which formed KriZner Film LLC, which pulled together several investors, to fund the production of another full length film, of which Andrew was both the Writer and Director. After the film was completed KriZner Film and Andrew received the "Best Feature Film Comedy" at the New York International Film Festival, and the "Grand Jury Award" at the Miami Film Festival.

In following Andrew through the years, I have been impressed with his creativity, passion and talent in all forms of digital design, multi-media, photography and film/video.

On several occasions Andrew has very effectively assisted me with multi-media and computer issues.

My experience with Andrew is that he is hard-working and gives his business responsibilities priority. Just as important, I find Andrew to be a very honest and caring individual. In summary, I'd guess that Andrew would be a valuable addition to your company.

Feel free to contact me if you would like to ask questions about the above or get expansions thereon.

Sincerely,

David J. Krizman, M.D.
